VINEYARDS San Román de Hornija - Villaester -
Morales de Toro.

SOILS Stony and sandy clay.

Mild temperatures and persistent rainfall throughout the cycle. After a mild and rainy winter, bud break was uneven due to the drop in temperatures at the end of April and the beginning of May. Flowering ended in early June with uniform fruit set. Occasional rainfall during the summer reinforced the water reserves until the harvest, which took place between 30 August and the end of September with occasional spells of rain.

Suggestive aromas of red fruit with floral hints. Deep and broad on the palate, with juicy and fine tannins.

Bottled in December 2023 after 24 months in new and used 225 and 500 litre, French and American, oak barrels.
